Weather According to Foster.

Foster's last bulletin gave forecasts of the storm waves to cross the continent from January 31st to February 4th, and February 5th to 10th.

He predicts a third disturbance of February will reach the Pacific coast about the 11th, cross the west of the Rockies country by close of the 12th, great central valleys 13th to 15th, eastern states 16th.

The warm wave, he says will cross the west of the Rockies country about the 11th, the great central valleys 13th, eastern states 15th. The cool wave will cross the west of the Rockies country about the 14th, great central valleys 16th, eastern states 18th.

Foster predicts that the center of this storm will take a more southern route than usual and the storm will be of very considerable force in the eastern states about the 16th, while the cool wave, will about the same time, be of unusual force in the great central valleys, particularly in the upper Mississippi and Missouri valleys. Extensive snows will fall in northern portion of the United States.

The storms of the middle part of February will be unusually severe and cause very unpleasant weather, especially in the northern states.

Weather will be too cold for early gardening along the gulf and south Atlantic states of the southern states.

OF INTEREST TO VETERANS.

There is a possibility of no Grand Encampment this year.

It is among the probabilities that there will be no national encampment of the G. A. R. this year, says the *State Journal*. The Western passenger association has finally determined not to grant the desired time extension on reduced rate tickets to St. Paul, the place selected by the Louisville encampment last September, and Grand Commander Ivan N. Walker is on record as saying that on account of such refusal the council of administration will select some other city. Being informed that none of the roads, east or west would allow the privilege asked for, Commander Walker declared that in that event, there would be no national encampment in '96. This is very unfortunate and it is hoped the matter will be adjusted satisfactorily. After St. Paul the city of Buffalo appears to have the call, provided satisfactory arrangements as to rates, time, etc., are made.

Symptoms of Catarrh.

Pain in the head, obstruction of the nose, frequent discharge of mucus from the nose, mucus often falling into the throat, nausea and vomiting upon rising in the morning, raising particles of offensive matter from the throat, deafness ringing in the ears, offensive breath, the sense of smell impaired and a wretched feeling generally about the head and throat, sometimes only one or two of these symptoms will be present, but their presence indicates Catarrh. By a timely use of Catarrh Cure you can be permanently cured. For sale by Saur & Baisley.

He Enjoyed Seeing Them Burn.

An editor who died of starvation after making Dr. Tanner ashamed of himself, was being escorted to heaven by an angel who had been sent for that purpose.

"May I look at the other place before we ascend to eternal happiness?"

"Easily," said the Angel.

So they went down below and skinned around, taking in the sights. The angel lost track of the editor, and went around hedges to hunt him up. He was found sitting by a furnace fanning himself and gazing with rapture upon a lot of people in the fire. There was a sign on the furnace which read: "Delinquent Subscribers."

"Come," said the angel, "We must be going."

"You go on," said the editor, "I'm not coming. This is Heaven enough for me."—Selected.

A great many gas wells of the Indiana gas field have changed the character of their product and are producing an abundance of oil. This would go to prove the theory which has been held by some prominent prospectors throughout the country for a number of years, which has been based upon the claim wherever gas was found, oil could also, and would eventually be produced. The theory held by the believers in the close connection of oil and gas is that the lighter or more volatile substance found at the top passes off first, and then the oil comes later. After this salt water is found, which was deposited beneath the oil and gas.

The Pope's Edict Against Secret Societies.

CLEVELAND, O., Jan. 28.—Concerning the Pope's edict against secret societies, Hon. Martin A. Foran, ex-Congressman, author of "The Other Side," a reply to "The Bread Winners," and a member of the Elks and Odd Fellows, said today: "Practically no attention will be given the utterance to the Catholic church. It is merely a bluff, and the church won't act if its members refuse to comply. A loophole has also been left in the form of a question of conscience on which I and others will not yield."

To prove the sincerity of the Republican party for the cause of temperance, the Democrats in the general Assembly should refrain from voting upon the Haskell or Harris bill. The Republicans have a constitutional majority in the legislature and can pass or reject any bill and have plenty votes to spare. The Democrats have always accused the Republicans of being hypocrites, and now we have an opportunity to put them on record and let us do so.—Jackson Herald.

THE LIMA NORTHERN.

Work to be Looked After on the North of Us.

On Monday Hon J. B. Townsend visited Napoleon, and while here made arrangements with Judge Donnelly to immediately commence operations upon the line of the Lima Northern road in Michigan. Judge Donnelly will leave the latter part of the week for Michigan, and on Saturday night will hold a meeting in the interest of the road at Moscow. Mr. Townsend says the company will move on toward Detroit as fast as the work can be pushed, and that the entire line would be completed this year. The road is expected to cross the Maumee at this point early in the spring, and then the road will be on to Wausau, and northward.

Band Fair.

The 16th Reg't Band at a meeting Tuesday evening decided to hold a fair at the Rink during the last week of February. Be ready with your donations when the soliciting committee comes around.

A MIRACULOUS ESCAPE

From the Imprisonment of a Folding Bed—The Experience of Two Ladies at Postoria.

(From Postoria Times.)

Two ladies living on Potter street this morning had an experience which is a folding bed that they will remember to the ends of their lives, and which will suffice to turn them against any kind of mechanical sleeping arrangements in the future.

Mrs. M. H. Bohrer and Mrs. M. A. Eschelman are the two ladies whose experience is made, and who are today congratulating themselves on a narrow escape from a terrible death.

Mr. Bohrer left yesterday for Alabama, a regular business trip of his, and Mrs. Eschelman, who makes her home with the Bohers, occupied the folding bed that they were to use for the night.

Both soon fell asleep, and both were awakened seemingly a short time afterwards, by a heavy weight pressing heavily against them. Mrs. Bohrer, who is the smaller of the two, was the first to be awakened, and she found herself lying on her back, with a heavy weight upon her chest.

In desperation she began to kick upon the foot, and with all her strength and when she was just ready to leave off, out of exhaustion the lock suddenly yielded, and she was able to crawl out through the aperture thus left at the foot of the bed. Regaining her lost strength in the fresh air, she raised the heavy piece of furniture, and after some work rescued Mrs. Eschelman who was by this time almost suffocated but soon revived and set out for a doctor to attend Mrs. Bohrer, who, after the excitement showed signs of injury.

A doctor called and found the lady to have sustained several sprains, in her efforts to free herself, but outside of these was unhurt and would recover.
